 OF GREATER CINCINNATI

For more than 150 years, firefighters across the United States have "mustered", or gathered to show off their firefighting equipment, preserve fire service history, and promote fire safety. In celebration of this grand American tradition, antique fire truck collectors and active fire departments from the tri-state and across the nation are gearing up for this event. Proceeds from the event will benefit the Fire Museum of Greater Cincinnati. Show this card to receive discounted general admission to Fire Museum of Greater Cincinnati.

For further information or to register for this event, please contact Brad Palmer (513) 853-3730 / bpalmer@springgrove.org.
