[Part-3 \(Station Construction\)](#). The other videos are [HERE](#).

Liability Waiver: All tour guest must complete a liability waiver. See example on last page.

Safety Requirements: Closed toe, closed heel and rubber sole shoes are required. Long pants recommended but shorts are acceptable. No leather soles, sandals, flip-flops or Croc-type shoes. Not a Hard-Hat facility.

Photo ID Required: this is a secure and active industrial pumping station, so a photo ID is required at the guard gate.

Age Requirement: **Age 8 and up.**

Photo Policy: We welcome filming, photographing or videotaping for your own non-commercial use. Off limits for photography are the blue electric pumps and the electrical panel in the annex, but we know they may be in the background of your photo.

Group Photo: As a courtesy take-away we begin the tour with a voluntary group photo positioned in front of an engine. The electronic image will be sent via email. No one is obligated. On rare occasions we may place a small version of the photo in brochure.

Walking and Stairs: The tour begins seated for about 15 minutes and the remaining 80 minutes are walking with an optional one flight of stairs. The elevator can accept most wheelchairs.

Disability Accessible: Old River Station is not a disability friendly facility, but it is possible to have a wheelchair (not supplied) on the main engine room floor with limited mobility. An escort must push from behind all wheelchairs.

Acrophobia, Claustrophobia or Vertigo: please let us know ahead of time if someone has a fear of heights, confined spaces or easily becomes dizzy. You can still enjoy the tour, but we want to know ahead of time so we can accommodate.

No Heat or AC in the building: Typically, the winter temp is about 55° F and summer can reach 85° F.

No food or smoking inside the facility. No food provided. Water is available.

Restroom: Unisex restroom 1950s style but not disability friendly.

Personal Items: Handbags, backpacks or briefcases are not encouraged on the tour. These items should remain in the visitor's vehicle.

Directions to Old River Station

From the I-275 take exit #72 (Route 52) and go North (seems like West) .7 mile on Kellogg Ave. to the Water Works entrance gate on the left-hand side. A guard will meet you at the gate to check your photo ID. A Google map link to Old River Station is [Here](#).

The Tour Will Include

For safety reasons, we no longer provide a set-down presentation at the beginning. Instead, the presentation is now on YouTube, and we ask you watch it prior to attending. You can view it here <https://youtu.be/SChL5vMfmP0> Thanks

- Find out why Old River Station has been called “one of the world’s best-kept secrets.”
- View these colossal engines up close and discover the architectural wonder of the building that houses them!
- Learn how assembly of the pump house began at ground level before the structure was lowered by hand to 105 feet below grade.
- You will visit the engine house, the boiler house that supplied steam to the engines, along with the coal storage area and riverside coal handling dock.
- The tour will take you from near the top of the facility down 85 feet to the pump pit floor. You will stand among the four engines as they rest on 20-foot-thick wood caisson six feet under the floor of the Ohio River.
- Look inside the great pump chamber that moved a staggering 30,000,000 gallons of water every day for 57 years!
- Photographers are encouraged and will find a multitude of opportunities.
- Pose for a picture beside a monstrous flyball governor.
- Climb the spiral staircase at the end of the tour, up five stories returning to the engine room floor. Optional, you can always return top side using the elevator.
- Receive an official Cincinnati Triple Steam – Museum Tour Stamp.
